

University of Glasgow
Physics & Astronomy

Postgraduate Research Fair

Thursday 11th January 2007
14:00-16:00 Common Room (R470)

Come along and find out about the research opportunities on offer at Glasgow University.

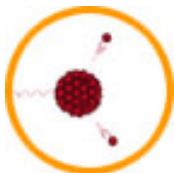

This fair is open to final year students studying physics, or related degree courses, in any University. Students from outside Glasgow who require assistance with travel expenses should contact Dr MacGregor (i.macgregor@physics.gla.ac.uk).

Programme:

Talk 1: Introduction to research in Physics & Astronomy
– Andrew Long (Head of Department)

Talk 2: How to apply for a PhD at Glasgow University
– Douglas MacGregor (Deputy P&A Graduate School)

Open Session: Poster presentations staffed by research group members

Nuclear
Physics

Solid
State

Gravitational
Research

Astronomy

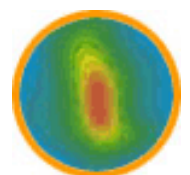

Experimental
