

Scottish Universities Physics Alliance SUPA

62<sup>nd</sup> Scottish Universities Summer School in Physics

# Extra Solar Planets: the detection, formation, evolution & dynamics of planetary systems

Skye, Scotland

28 May – 8 June 2007

Organising Committee

Director: Bonnie Steves

Glasgow Caledonian University

Martin Hendry, Glasgow University

Andrew Cameron, St Andrews University

Keith Horne, St Andrews University

Ken Rice, Royal Observatory Edinburgh

Andrea Milani, U of Pisa

Claude Froeschle, Observatoire Nice

Topics:

Extra-solar planetary systems  
observation, detection methods  
characterisation, formation theories  
evolutionary models and dynamics.

## Courses of Lectures by

**A Cameron**, St Andrews University, UK

**A Celletti**, Universita' di Tor Vergata, Italy

**R Dvorak**, University of Vienna, Austria

**S Ferraz-Mello**, Uni de Sao Paulo, Brazil

**D Fischer**, San Francisco State Uni, USA

**E Ford**, Harvard Smithsonian Centre for  
Astrophysics, Mass, USA

**Cl Froeschle**, Observatoire Cote d'Azur, Nice

**J Greaves**, St Andrews University, UK

**M Guzzo**, Uni degli Studi di Padova, Italy

**J Hadjidemetriou**, Uni of Thessaloniki, Greece

**K Horne**, St Andrews University, UK

**H Jones**, University of Herfordshire, UK

**M Konacki**, Nicolaus Copernicus Astronomical  
Centre, Poland

**A Milani**, Universita di Pisa, Italy

**F Namouni**, Observatoire de Nice, France

**K Rice**, Royal Observatory Edinburgh, UK

**D Stam\***, Astron. Institute Anton Pannekoek

**S Udry\***, Observatoire de Geneve

**J Waldvogel**, ETH Zentrum, Switzerland

\* to be confirmed

Application forms and further information can be obtained from

[www.astro.gla.ac.uk/users/martin/skye07](http://www.astro.gla.ac.uk/users/martin/skye07)

email: [exoplanet@gcal.ac.uk](mailto:exoplanet@gcal.ac.uk)

APPLICATION BEFORE 31 MARCH 2007 IS ADVISABLE
